Collector of South Kanara.

The Secretary to the Board of Revenue,
Land Revenue and Settlement, Madras.

Sir,

ASSIGNMENT - land - Mangalore Taluk - Derebail village - S.No.174/1A2 (0.13 acre) - Waiver of site value - recommended -

****

A portion of S.No.174/1A of Derebail village, Mangalore taluk registered as "Path and Well poramboke, Labour Department" and measuring 13 cents has been encroached upon by one Shige. She belongs to the Koragar community which is included among the Scheduled castes.

2. The encroachment plot, which is denoted as S.No.174/1A consists of a mud enclosure, a thatched shed and some cashew plants. The age of the encroachment is about 7 months. The value of the land is estimated at Rs.100/- an acre. There is no objection for the transfer of the plot to Ayan but the encroa states that she is too poor to pay the site value, either in a lump sum or in easy instalments. I am convinced on enquiry that the encroacher is really too poor to pay any site value either in a lump sum or in easy instalments. I, therefore, recommend that the Board may be pleased to obtain the sanction of Government for the free grant of the plot to the encroacher.

3. Duplicate sketches are enclosed.

Sir,

Assignment - Land - (South Kanara) - Mangalore Taluk - Derebail village - S.No. 174/1A2 - waiver of site value -further report.

Refce: Board's Reference No.B-6026-38-1 dated 30-8-1938.

I had recommended waiver of site value in this case under para 38 (e) of B.S.O. No.15 as according to it free grants of valuable land should not be made except under the orders of Government. B.S.O. No.15-3 (2) referred to in the Board's reference quoted above cannot apply to this case as the plot is not 'assessed waste' but poramboke, which class of land cannot be granted without collecting site value vide G.C.No. Mis. 780 Rev. dated 14-4-1937 communicated with B.P. Mis. 1398 dated 30-4-1937.

2. The plot S.No. 174/1A, though registered as kath and well poramboke, Labour Department is under the control of the Revenue Department.

3. The actual extent of the plot is 0.13 acre as shown in my letter under reference. The Shanbhogue showed the extent as 0.14 acre in the sketch, but the Revenue Inspector after checkmeasurement found it to be only 0.13 acre which is the correct area.

The Collrs proposal is to assign one 13 cents of land to one Shiga, a member of the Scheduled class, who has encroached on that extent of land. The land is classed as "Patti and well poramboke, Labour Deptt" but is reported to be under the control of the Rev. Deptt. The Collr. recommends that the sanction of the Govt. may be obtained for assigning the valuable land free under R.O. 15-38(e). The Collr. states that the land being 'poramboke' cannot be assigned without the collection of market value as

laid down in G.O. Ms. 780 Rev dy 14.4.37. | M 105-107 (H)

In view of the fact that the encroacher is reported to be too poor to pay any value for the land either in a lump or in easy instalments, the Bd. may recommend to the Govt. the assignment of the land free of ~~cost~~ value to the encroacher.
